

Code Sample 1

Line	x	y	z	output
------	---	---	---	--------

5	20			
---	----	--	--	--

6			50	
---	--	--	----	--

7		4		
---	--	---	--	--

8				y is now 4
---	--	--	--	------------

Code Sample 2

Line	x	output
------	---	--------

3	11	
---	----	--

4		11 33
---	--	-------

~~Code Sample 3~~

Line	cost-per-item	items	total cost	output
-----------------	--------------------------	------------------	-----------------------	-------------------

1	3.5			
--------------	----------------	--	--	--

2		0		
--------------	--	--------------	--	--

5			0	
--------------	--	--	--------------	--

6		19		
--------------	--	---------------	--	--

7				Cost per item:
--------------	--	--	--	---------------------------

8				
--------------	--	--	--	--

Code Sample 3

Line	cost-per-item	Items	total-cost	Output
1	3.5			
2		0		
5			0	
6		19		
7				Cost per item: 3.5 Items: 19
8				Total cost: 60 0

Code Sample 4

Line	x	y	z	w	v	output
1	15					
2		25				
3			50			
4				15		
5					75	
6			(25)			
7	60					
8					625	
9	60	65				
10					70	
11						60 65 25 625 70
